Trailers pictured with some options.

SWIVEL HITCH (Patent pending)

STANDARD SWIVEL HITCH WITH JACKSTAND

CHROME TONGUE & JACKSTAND WITH CHROME SWIVEL HITCH
 Shown with Coupler Lock

- ★ Moves with the cycle into the turns. Helps eliminate jerky binding movements.
- ★ Helps prevent frame damage if your cycle turns over while the trailer is mounted to your trailer hitch.
- ★ Adjustable
- ★ Made with high-tempered bearings.
- ★ Universal swivel hitch comes with a nylon block that slides inside a 2 X 2 tongue. Drill and bolt on. (If purchased separately.)

Prices will vary if purchased without trailer.
 All prices subject to change without notice.

See enclosed price sheet for further information.

Trailers available in BLACK and can also be color-matched to most motorcycles at additional cost.

ADVANTAGES OF FLEXIRIDE RUBBER INDEPENDENT SUSPENSION UNITS

TECHNOLOGY - No relative movement between the metal and rubber surfaces, wear and abrasion between moving parts is eliminated, giving longer life and silent running. Allows independent suspension for each wheel.

MAINTENANCE FREE - Has no bushes or bearings to wear,

RIDE CHARACTERISTICS - Reduces bounce and improves ride, less noise, more ground clearance.

COMPACT

UNAFFECTED BY WATER - Fully bonded solid rubber unit.

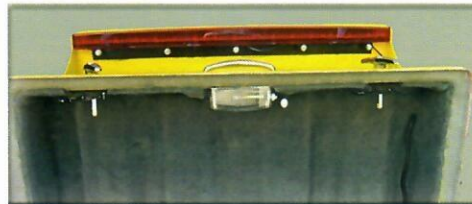

QUALITY AND RELIABILITY - Tried and tested in many diversified applications over the past 30 years.

MOTORCYCLE COVER

COOLER COVER

All covers are made with the Noah Fabric by Kimberly Clark.

This fabric lets air in, keeps water out, resists rips, tears and punctures.

It won't rot and mildew.

It is unaffected by tree sap, bird droppings, or other common outdoor elements. It's lightweight, fast drying, and easy to clean. It doesn't have an unusual odor as do many camping fabrics. The motorcycle and trike covers open for trunk and saddlebag access.

These have velcro closures and all covers have a bottom drawstring.

We do not recommend using the covers during transport, except for the cooler cover.

STARLIGHT TRAILER COVER

TRIKE COVER

JUPITER

MODEL #19

MODEL #19

These spoilers have LED running/stop lights.

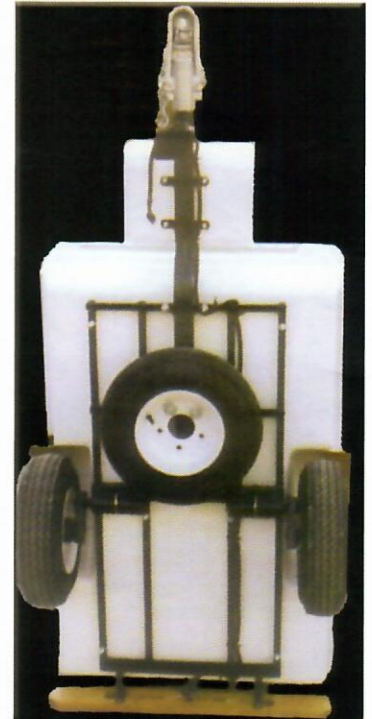

TRAILER BRA

STANDARD WHEEL W/HUBCAP & BUDDY BEARING
4.80 x 8

The COOLER HOLDER is designed for 16 qt. Igloo Playmate Cooler. (Holds 18 - 12 oz. cans)
Mounts to trailer tongue.
Helps keep ice chest insulated, thus keeping contents cooler longer. Does not need tied in
Will adapt to other trailer tongues.
Hardware is included.

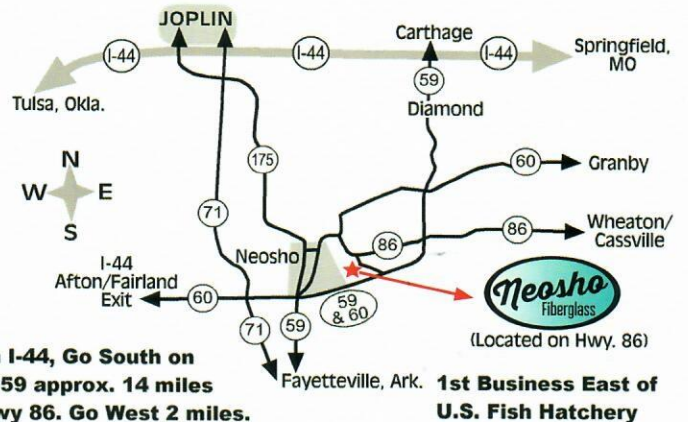

SPARE TIRE comes with mounting bracket.
FLEXRIDE SUSPENSION is also shown.
FOR STORAGE, set bumper on 4" foam & strap for safety.

BUDDY BEARINGS allow easy access to re-grease wheels.
